

Supported housing

Mental health support

Independent living for people with mental health needs

Genesis

About us

Genesis is one of the largest housing associations in the UK, managing 40 000 properties across London and south east England.

We specialise in providing accommodation and support for a range of older and vulnerable people.

What is mental health support?

Genesis' mental health support accommodation encourages people to live as independently as possible, whilst respecting their need for privacy.

Staff cover varies in accordance with residents' needs.

To live in one of our properties, you must be referred to us through a local authority or alternative agency.

Benefits for residents

Alongside staff support, residents are encouraged to participate in local community activities including education, training and employment initiatives.
